You should ask your teacher if you need to line up a sub, especially if it is a Pre Ballet or Song & Tap class.
4. Student teachers may not be late and should arrive 5 minutes early to wait with the class while lined up and keep them calm.
5. Student teachers must attend all rehearsals for recital and tech & dress rehearsals. Student teachers are runners for their class at the recital.
6. Children need consistency, therefore, student teachers may not quit before the end of the year and must have good attendance.
7. Only one class may count towards external PE Credit hours. Missing will count as an absence.
8. Student teachers will be as helpful as possible to the teacher and assist by demonstrating and keeping the students in order during class and by starting the class if the teacher is detained.

10. I understand this is a learning experience. It will become a valuable part of my resume and prove helpful if I ever choose to teach dance.
